

Ramp-Up Rounding Protocol for Staff

Directions: Working with your lead team, circulate around school on a given day to interview teachers about their Ramp-Up experiences. Keep it brief—such as under five minutes. It is not necessary to collect teachers' names. After rounding is completed, meet as a lead team to determine what your collected data means and how you will respond to it in order to improve your Ramp-Up implementation.

| Rounding Question | Teacher Response |
|---|------------------|
| 1. Is there anyone we should recognize for doing a really good job of implementing Ramp-Up? | |
| 2. What is working well with Ramp-Up? What is not working well? | |
| 3. Do you have what you need to implement Ramp-Up well? | |
| 4. What can I do to help you implement Ramp-Up in your advisory? | |
